National Bureau Of Standards Class:

2

Individual Unit Weight Quantity:

17

Individual Unit Weight Denomination And Quantity:

100g to 1 mg

Individual Unit Weight Material:

Aluminum and steel, corrosion resisting

Forceps:

Included

Fitted Box:

Included

Special Features:

Class 2 alloy 8 metric precision weight set (17); plastic case w/compartment for each weight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T137-b
