Overall Length:

0.500 inches

Overall Height:

2.980 inches

Overall Width:

1.150 inches

Operating Temperature Range:

-10.0/+175.0 degrees fahrenheit

End Application:

Simulateur xingu

Special Features:

5 ft integral cable, low creep, safe overload to 10x capacity. Compensated range 0 to 125 degree f. Operating range -10 to 175 degree f. Rated output mv/v 2.0, zero balance % ro +3.0. Excitation voltage-max 15 vdc, insulation resistance-megohm 5000. Safe overload 1000

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503e0
