Weighing Capacity:

220.0 grams

Product Name:

Precision analytical weighing balance

Functional Classification:

Aa-8.2

Special Features:

Option du is manual draft shield; 100-240vac 50-60hz 1.0a 7w; black and white graphical display with soft key operation; tiltable display and control unit detachable

Functional Description:

Used to measure weight with 0.01 milligram readability

Entry Date:

10-03-17

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T137-c
