National Bureau Of Standards Class:

F1

Individual Unit Weight Material:

Steel

Denomination:

5.0 grams

Weight Marking:

Unmarked

Product Name:

Cylindrical knob weight

Special Features:

Density: 8.0 kg per cubic dm; magnetic susceptibility less than 0.01; monobloc; includes box and certificate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T137-b
