Body Cross-sectional Shape:

Flat

Overall Length:

10.750 inches

End Application:

Mortar, light weight, 60mm, m224, with mount

Plan View Shape:

Rectangular

Edge Form Type:

Square

Sheath:

Not included

Product Name:

Drawing item name: arm assembly

Special Features:

This item consist of: 11746804 ar (qty.1) x 11746806 (c/o: 11746807 post & 11746808 pin) post assembly(qty.1) x specification astm d2564 solvent cement(as required) // laminated plastic sheet, comp b, type i, class 2, 0.005 thick, per specification I-p-535 // all markings to be printed, color black no. 37038 of specification fed-std-595 // nha: 1220-01-055-8701 plotting board, indirect fire // used on: 1220-01-059-7989 plotting board m19 w/e (mil-p-48602)

Material:

Plastic sheet, comp a, type i, pol (vinyl choride) , 0.060 thick, per spec

Material:

Plastic sheet, comp a, type i, pol (vinyl choride) , 0.060 thick, per spec

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T144-p
