Wiring Provision Method:

Cable assembly

Wiring Provision Length:

4.57 millimeters

Voltage Rating In Volts:

115.0 ac or 230.0 ac

Leg Type:

Extension

Sighting Device Type:

Telescope

Level Type:

Self-leveling

Telescope Type:

Erecting

Focusing Type:

Internal

Err Default:

Err default

Special Features:

Power 35 watts peak at 24 volts dc; operating temp range -40 degrees f to 125 def f; item includes azimuth gyroscope 1; gyro motor 1; electronic control unit 1; display panel 1; battery power pack 1; collapsible telescopic leg tripod 1; reference data literature: t.O.33d7-9-53-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509b0
