Overall Length:

4.030 inches

Overall Height:

1.730 inches

Overall Width:

3.125 inches

End Application:

C-141a, all weather landing system, type pb60a

Mounting Configuration:

Three mtg holes 0.193/0.199 in. Dia

Criticality Code Justification:

Feat

Special Features:

Connector 0.350 in. Lg, 0.820 in. From edge; critical feature of the item is that it is applicable only to the c-141b aircraft

Fsc Application Data:

Airborne navigational system

Reference Number Differentiating Characteristics:

As modified by lockheed-georgia co source control p-n 3k91016-103

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-c
