Overall Length:

11.120 inches

Overall Diameter:

1.100 inches

Actuation Method:

Capacitance

Special Features:

Sensing length 10.800 inches; insertion length 9.740 inches; capacitance 28.0 uuf

Fsc Application Data:

Tank unit assembly, fuel quantity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
