Mounting Type:

Bracket

Media For Which Designed:

Water-glycol

Case Material:

Brass

Accessory Components And Quantity:

3 valve brass manifold, 1

Inlet Connection Size:

1/4 in. 18 thd npt

Scale Presentation Range:

0 to 210 range of numerical markings

Pressure Type:

Any acceptable

Scale Inscription/background Color:

Black markings on white background

Outlet Connection Size:

1/4 in. 18 thd npt

Maximum Differential Pressure:

130.0 in. Water column

Totalizing Integrator Register:

Not included

Special Features:

Pulsation dampener included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-s
