Overall Length:

13.375 inches

Overall Width:

1.312 inches

Overall Thickness:

0.688 inches

Design Type:

Plain

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-t
