

View Online at <https://aerobasegroup.com/nsn/6680-01-008-0919>

Special Features:

Mass flow, accuracy within 1 % of range, linear 0 to 5 vdc, signal solid transducer, low pressure drop, remote, dim. 7.75 x 5.75 in., 115 vac, 50 x 60 cycles, output 0 to 5 vdc into load of 2000 ohms or ore, calibration, direct reading or air, pressure rating 0.1 pisa to 250 psig, gas temp up to 100 deg. C, ambient 0 to 40 deg. C, response time 7 sec. To 67 % of reading, linear operation, flow rate 0 to 5000 sccm

Reference Number Differentiating Characteristics:

As differentiated by material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
