

View Online at <https://aerobasegroup.com/nsn/6680-01-008-3359>

Special Features:

Linear mass flow, accuracy within 1 % of range, linear 0 to 5 vdc signal, indicator dimensions: 7.75 x 5.75 x 5.75 in., 115 vac, 50/60 cycles, 15 watts, 0 to 5 vdc output into 2000 ohms or more, calibrated for direct air readout, pressure rating 0.1 psia to 250 psig, gas temp up to 100 deg. C, ambient 0 to 40 deg. C, response time 7 sec. To 67 % of reading, flow rate range 0 to 10000 sccm

Reference Number Differentiating Characteristics:

As differentiated by material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
