Overall Length:

29.000 inches

Distance From Rod End To Handle:

28.000 inches

Rod Width:

Between 0.160 inches and 0.200 inches

Rod Thickness:

0.065 inches

Distance From Rod End To Scale Graduation:

0.870 inches

Scale Inscription:

Add and full

Material:

Steel, qq-s-698, comp 1008 through 1020, temper no.2

Material:

Steel comp 1008 or steel comp 1009 or steel comp 1015 or steel comp 1018 or steel comp 1020

Material Specification:

Qq-s-698, comp 1008 through 1020, temper no.2 federal specification single material response

Surface Treatment:

Cadmium or zinc

Surface Treatment:

Cadmium plated or zinc coated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-j
