Overall Length:
8.500 inches
Overall Height:
3.500 inches
Overall Width:
7.000 inches
End Application:
Used to calibrate f100 engines onf-15 & f-16 aircraft
Special Features:
Rechargable battery for portable operation; output freqs 61.44; 139.9; 318.3; 100.0; 1000.0; millivolt output=0 to 999.0
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Filg:
T145-c
