Overall Length:

3.406 inches

Overall Width:

1.375 inches

Bolt Hole Quantity:

9 both ends

Bolt Hole Diameter:

0.172 inches both ends

Furnished Data:

Liquid level

Data Furnishing Method:

Inscribed full-add

Special Features:

Lettering to be blue upper class gothic; used on f-16 aircraft

Special Markings:

Check cold, add oil, do not use accumulator

Media For Which Designed:

Oil

Fsc Application Data:

Aircraft hydraulic systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
