Overall Length:

48.000 inches

Overall Height:

36.000 inches

Overall Width:

48.000 inches

Special Features:

Vibration slip table; material magnesium and granite; operation-magnesium plate is coupled to 2 2500 psi hydrostatic bearings located in granite block, plate rests on block coated with oil film and is driven by electrodynamic shaker; pitch, yaw, roll movements 132, 132, 43 thousand lbs-inch respectively; 1.5 lb-second/inch viscous drag

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-c
