Liquid Quantity Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6680-01-101-6445 **Terminal Quantity: Terminal Type:** Stud **Overall Length:** 50.250 inches **Current Type:** Dc **Attachment Feature Quantity: Actuation Method:** Float Voltage Rating: Between 10.0 volts and 12.0 volts **Electrical Connection Quantity: Electrical Connection Controlling Agency:** Cannon electric **Electrical Connection Identifying Number:** Part no. 36468

1 att 110. 30400	
Mounting Method:	
Bracket	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	

No **Fiig:** T145-b
