Liquid Quantity Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6680-01-101-6453 **Terminal Quantity: Terminal Type:** Stud **Overall Length:** 36.750 inches **Current Type:** Dc **Attachment Feature Quantity: Actuation Method:** Float **Voltage Rating:** Between 10.0 volts and 12.0 volts **Electrical Connection Quantity: Electrical Connection Controlling Agency:** Cannon electric **Electrical Connection Identifying Number:**

Part no. 36468

Mounting Method:

Bracket

Shelf Life:

O...c.. L.

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
