Terminal Quantity:

5

Terminal Type:

Connector, receptacle

Overall Length:

27.630 inches

Overall Width:

2.250 inches

End Application:

Xertex corporation national sonics div, us nav trident submarine condensate tank

Electrical Connection Quantity:

1

Electrical Connection Controlling Agency:

Thermo measuretech

Electrical Connection Identifying Number:

Part no. D10032-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
