Actuation Method:

Float lever

End Application:

2320-01-123-6827

Mechanical Connection Quantity:

3

Mechanical Connection Size:

1/4 in., 5/16 in. And 3/8 in. Diameter hose

Mechanical Connection Type:

Internal thread fuel line

Mounting Method:

Flange

Float Effective Travel:

Between 173.0 millimeters and 174.0 millimeters

Media For Which Designed:

Oil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
