Terminal Quantity:

1

Terminal Type:

Connector, receptacle

Overall Length:

15.250 inches

Current Type:

Dc

Overall Diameter:

10.000 inches

Actuation Method:

Magnetic float

Voltage Rating:

Between 10.0 volts and 12.0 volts

Electrical Connection Quantity:

1

Mechanical Connection Quantity:

1

Mechanical Connection Type:

Flange

Mounting Method:

Flange

Float Arm Length:

6.750 inches

Pressure Rating:

225.000 pounds per square inch

Float Material:

Rubber, buna-n

Float Effective Travel:

1.750 inches

Special Features:

150 lb flange

Media For Which Designed:

Oil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-b
