4			
Terminal Type:			
Stud			
Overall Length:			
44.750 inches			
Current Type:			
Dc			
Attachment Feature Quant	ty:		
2			
Actuation Method:			
Float			
Voltage Rating:			
Between 10.0 volts and 12.0	volts		
Electrical Connection Qua	itity:		
1			
Electrical Connection Con	rolling Agency:		
Cannon electric			
Electrical Connection Iden	ifying Number:		
Part no. 36468			
Mounting Method:			
Bracket			
Resistance In Ohms:			
10.000 per inch of indication			
Pressure Rating:			
400.000 pounds per square	nch		
Float Material:			
Rubber, buna-n			
Float Effective Travel:			
34.000 inches			
Media For Which Designed	:		
Water or oil			
Shelf Life:			
N/a			
Unit Of Measure:			
Demilitarization:			
No			
Fiig:			
T145-b
