**Thread Direction:**

Right-hand both ends

**End Connection Type:**

Threaded internal, plain second end

**Maximum Working Pressure:**

100.0 pounds per square inch

**Thready Qty Per Inch (tpi):**

27 first end

**Thread Size:**

0.250 inches second end

**Furnished Data:**

Liquid flow

**Data Furnishing Method:**

Clear window

**Material:**

Iron

**Media For Which Designed:**

Any acceptable

**Thread Series Designator:**

Npt both ends

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A43400
