Terminal Type:

Connector, receptacle

Overall Height:

Between 29.125 inches and 29.375 inches

Current Type:

Dc

Attachment Feature Quantity:

1

Actuation Method:

Float

Voltage Rating:

Between 10.0 volts and 12.0 volts

Electrical Connection Quantity:

1

Mechanical Connection Quantity:

1

Mechanical Connection Size:

5 inch dia

Mechanical Connection Type:

Flange

Mounting Method:

Flange

Resistance In Ohms:

6200.000 per inch of indication

Pressure Rating:

Between 1.000 pounds per square inch and 225.000 pounds per square inch

Float Material:

Rubber, buna-n

Float Effective Travel:

18.750 inches

Media For Which Designed:

Oil or water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
