Overall Length:

84.000 inches

Overall Height:

1.150 inches

Product Name:

Sensor salinity built iaw mil-s-15103i/f working temp 250 degrees f.

Special Features:

Salinity sensor is built in accordance with mil-s-15103e/f; mounts to gate valve assembly; wt: 1.750 lbs; working temp: 250 degrees f; test temp: 300 degrees f; clearance to exchange sensor is 12 in.; plug on end

Material:

Copper alloy and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
