Media For Which Designed:

Chemicals or water

Inlet Connection Type:

Threaded

Scale Quantity:

1

Outlet Connection Type:

Threaded

Scale Type:

Direct capacity reading

Maximum Working Pressure:

150.0 pounds per square inch

Maximum Water Capacity In Gallons Per Minute:

10.0

Inlet Connection Position For Which Designed:

Horizontal

Outlet Connection Position For Which Designed:

Horizontal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-t
