Maximum Temperature Rating:

225.0 degrees fahrenheit

Maximum Working Pressure:

125.0 pounds per square inch

Furnished Data:

Liquid level

Data Furnishing Method:

Clear window

Special Features:

Centerline dist.-7.000 in.

Material:

Steel

Style Designator:

Vertical shielded, single port

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
