**Criticality Code Justification:**

Zzzy

**Special Features:**

Visible glass size: 38.625, length: 40.125, total weight: 60 pounds

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A43400
