**Overall Length:**

9.500 inches

**Overall Height:**

5.250 inches

**Overall Width:**

4.250 inches

**Ac Voltage Rating:**

115.0 volts

**Frequency Rating:**

60.0 hertz

**Actuation Method:**

Electronic

**End Application:**

Waste oil tank onboard 180 ft coast guard vessels

**Current Rating At Maximum Rated Voltage:**

20.0 amperes resistive load

**Operating Temperature Rating:**

Between -100.0 degrees fahrenheit and 350.0 degrees fahrenheit

**Mounting Method:**

Thread

**Mounting Position:**

Horizontal

**Relay:**

Included

**Liquid Type For Which Designed:**

Lubricant and water

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T109-d
