Liquid Quantity Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6680-01-325-9664

Terminal Quantity:
4
Terminal Type:
Point
Current Type:
Dc
Actuation Method:
Float
Voltage Rating:
Between 10.0 volts and 12.0 volts
Electrical Connection Quantity:
1
Mounting Method:
Flange
Resistance In Ohms:
82.000 per inch of indication
Pressure Rating:
Between 0.000 pounds per square inch and 225.000 pounds per square inch
Float Material:
Rubber, buna-n
Float Effective Travel:
20.750 inches
Media For Which Designed:
Water
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T145-b
