Circuit Current For Which Designed:

Ac and dc

Overall Length:

17.630 inches

Overall Height:

4.880 inches

Operating Temperature Range:

+40.0/+125.0 degrees fahrenheit

End Application:

Support equipment, b-1 aircraft; tst standard oil c

Indicator Type:

Digital display

Special Features:

Standard unit with galvanometer driver option; full scale output meter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509e0
