Media For Which Designed:

Oil or chemicals

End Application:

Support equipment, b-1 aircraft

Unit Type:

Mounted

Scale Quantity:

1

Scale Type:

Direct capacity reading

Special Features:

Stainless steel; flow direction: bi-directional; mounting: inline; construction: gear motor/slide bearings

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-t
