Overall Length:

60.000 inches

Actuation Method:

Buoyancy

End Application:

Verticle launch sys, vls mk41

Float Quantity:

1

Operating Tempurature Rating:

Between 0.0 degrees fahrenheit and 300.0 degrees fahrenheit

Mounting Method:

Thread

Mounting Position:

Vertical

Special Features:

Grip rings float stops; mtd inside top of tank, plug mtd from outside tank; stem .500 in. Dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T109-d
