End Application:

Used aboard 175 ft wlb coast guard vessels

Mounting Method:

Bracket

Resistance In Ohms:

3000.000 per inch of indication

Pressure Rating:

Between 400.000 pounds per square inch and 2000.000 pounds per square inch

Float Material:

Rubber, buna-n

Special Features:

Temperature rating +32 degrees to +180 degrees f

Media For Which Designed:

Oil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
