Unit Type:

Mounted

Scale Type:

Direct capacity reading

Mounting Method:

Direct line

Maximum Working Pressure:

300.0 pounds per square inch

Special Features:

Housing material: naval bronze; 30 gpm; weatherproof; switch will actuate when flow rate decreases to 10 gpm; settings are field adjustable.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-t
