End Application:

(ws) osprey class mhc

Maximum Temperature Rating:

300.0 degrees fahrenheit

Maximum Working Pressure:

200.0 pounds per square inch

Furnished Data:

Liquid level

Data Furnishing Method:

Clear window

Special Features:

Plus 225 deg. F. Maximum with transmitter option; specific gravity of liquid: 1.0 to 1.2 (std) hi shock applications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
