Overall Length:

30.000 inches

Thread Size:

1-1/2 in dia

Indicator Type:

Dial

Scale Calibration:

Empty to full

Scale Type:

Stationary

Scale Smallest Increment:

0.250 percent

Mounting Method:

Threaded male connection

Float Material:

Rubber

Float Protective Case:

Not provided

Float Guide Wire:

Provided

Oil Seal:

Not provided

Special Features:

Top mount with aluminum float rod; 3 in long stem and 30 in long float rod; float measures 1 3/8 in diameter x 1 3/4 in long; for use with vertical tanks; maximum temp 150 degrees f; maximum tank pressure 25 psi; dial accuracy plus or minus 3 percent; 2 in diameter aluminum dial with clear plastic lens; dial reads volume percentag (f, 3/4, 1/2, 1/4, and e)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-g
