End Application:

F18 e/f acft

Maximum Temperature Rating:

400.0 degrees fahrenheit

Maximum Working Pressure:

25.0 pounds per square inch

Furnished Data:

Liquid level

Data Furnishing Method:

Clear window and inscribed full-add

Special Features:

Dwg name indicator, liquid level; dim 1.50 in length, 3.25 height, 0.93 in width

Material:

Aluminum alloy

Media For Which Designed:

Hydraulic fluid

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
