

View Online at <https://aerobasegroup.com/nsn/6680-01-480-7196>

Special Features:

55 to 482 degrees c operating temperature range; 10 pc/g sensitivity; gas turbine monitoring; ground isolated; balanced diferential output; 31khz resonance frequency; 10-5000hz aplitude response; 725 pf capacitance; hermetically sealed; inconel case material; 2-pin receptacle connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-c
