Current Type:

Dc

End Application:

Adds to 89300

Accessory Components And Quantity:

4nicadd "aa" rechargeable batteries, 1 recharger, 1 5 ft. Roll reflective tape, 1 carrying case

Scale Measurement Range:

+5.0/+100000.0

Dial Illumination:

Not provided

Case Design:

Table model

Scale Measurement Unit:

Revolutions per minute

Voltage In Volts:

6.0

Special Features:

Vitem is monarch pistol grip digital phototachometer; 1/4-20 threaded bushing in handle for tripod/bracket mounting; 6 digit, 0.5 lcd display; display update twice per second; measures up to 3 ft. And at angles of up to 45 degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-e
