Overall Height:

1.625 inches

End Application:

Condenser/eva

Data Furnishing Method:

Clear window

Special Features:

Item name per vendor: plug sight glass; 12 un-3a str thd; lens material of soda lime or borosilicate (tempered); internal seals of neoprene-1; maximum operating condition: 265 psig@125 degrees f; proof press 800 psig@250 degrees f

Material:

Copper alloy

Style Designator:

Plug

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A43400
