Overall Length:

12.200 inches

Overall Height:

4.720 inches

Overall Width:

4.120 inches

Product Name:

Flow meters for petroleum fluids

Special Features:

Direct reading; install in any position; 360 degree rotatable guard/scale; calibrated for .876 s.G.; temperature range from -20 to +240 degrees f

Material:

Aluminum

Material:

Aluminum

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T313-n
