Actuation Method:

Buoyancy

End Application:

Demineralized water unit

Float Quantity:

3

Mounting Method:

Thread

Relay:

Not included

Product Name:

Switch, level

Special Features:

Includes top end 1/2 npt threaded connector, bottom end 1 5/16 12 un-2a, next higher assembly is reservoir assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T109-d
