**Overall Height:**

1.130 inches

**Overall Width:**

1.375 inches

**End Application:**

Gear assembly, spd

**Mounting Configuration:**

One 1/4-28unfx1.34in long mounting stud

**Gravity Unit Range:**

-50.0/+50.0

**Special Features:**

Inavy)accelerometer; excitation current: 2 to 20ma; voltage: 18 to 28vdc; temperature range: minus 54 degrees to 121 degrees celsius; case material: 316l ss; connector type: side/mil-c-5015

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T145-c
