Overall Length:

6.775 inches

Overall Height:

2.000 inches

Overall Width:

2.000 inches

End Application:

C5 aircraft

Usage Design:

Protect primary fuel indicator

Mounting Configuration:

Rack mounted

Dial Window:

Included

Dial Frame:

Included

Special Features:

Housing for indicator, primary, fuel quantity, black, consist of bezel, window, case, id plate, dust boot and adpter boot, manufacture calls enclosure assembly

Material:

Metal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-a
