**Overall Length:**

6.775 inches

**Overall Height:**

2.000 inches

**Overall Width:**

2.000 inches

**End Application:**

C5 aircraft

**Usage Design:**

Protect primary fuel indicator

**Mounting Configuration:**

Rack mounted

**Dial Window:**

Included

**Dial Frame:**

Included

**Special Features:**

Housing for indicator, primary, fuel quantity, black, consist of bezel, window, case, id plate, dust boot and adpter boot, manufacture calls enclosure assembly

**Material:**

Metal

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T174-a
