Body Material:

Brass

Specific Gas For Which Designed:

Oxygen

Regulation Type:

Manual single stage

End Application:

Air regulator

Stage Type:

Double

Inlet Adapter:

Not included

Automatic Relief Valve:

Not included

Flowmeter:

Not included

Cylinder Pressure Gage:

Not included

Inlet Connection End Style:

Valve type

Err Default:

Err default

Product Name:

Lsp brass oxygen pressure regulator

Special Features:

Item includes a sintered bronze filter in the high pressure inlet providing filtration of particulate contaminants down to 20 microns

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-b
