Overall Length:

12.000 inches

End Application:

Thunder scientific model 2500 humidity chamber

Product Name:

Pneumatic supply regulator/ flow meter assembly

Special Features:

Electrical characteristics include 5v stepper motor, 5v flow meter, and 24v solenoid; 1/4 inch tube fitting connection; stainless steel connectors; 12 inch x 8 inch x 6 inch (l x w x h)

Functional Description:

Regulates the flow of the incoming air supply

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-t
