**Overall Length:**

12.000 inches

**End Application:**

Thunder scientific model 2500 humidity chamber

**Product Name:**

Pneumatic supply regulator/ flow meter assembly

**Special Features:**

Electrical characteristics include 5v stepper motor, 5v flow meter, and 24v solenoid; 1/4 inch tube fitting connection; stainless steel connectors; 12 inch x 8 inch x 6 inch (l x w x h)

**Functional Description:**

Regulates the flow of the incoming air supply

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T134-t
