Width:

4.000 inches

Depth:

2.875 inches

End Application:

Boat, rigid inflatable, 11 meter 11mrb0401

Presentation Type:

Dial

Pointer Type:

Indicating single pointer

Case Material:

Plastic

Product Name:

Inavy)monitoring system, t

Special Features:

2 1/2in gauge; gauge scale: 30in water/35in diesel; corrosion resistant materials; self-contained pneumatic operation; requires only one 5/32in hole in each tank top; embossed calibration cards convert inch readings to gallons

Height:

6.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
